**ERRATUM**
**EAST METROPOLITAN HEALTH SERVICE ANNUAL REPORT 2025-2026**

Following publication and tabling of East Metropolitan Health Service's (EMHS) Annual Report 2025-2026, disclosure of a (perceived) ministerial directive was identified as being inconsistent with other Health Service Providers (HSPs).

EMHS had disclosed an operational directive from the Director General (DG) Department of Health requiring HSPs to report results of water testing regimes to the Chief Health Officer, as a ministerial directive.

The following amendments are required to address this error:

- The second and third paragraphs on page 162 are to be deleted and replaced with:

  EMHS did not receive any written ministerial directives in 2025-26.

- The replacement for page 162 is provided below.
